Concert Association Starts Week Long Membership Drive

☆ ☆ ☆

MARINA SVETLOVA

The annual membership drive of the Canyon Community Concert Association will begin Monday with three kickoff dinners for campaign workers.

The dinners will be for high school workers, college workers and adult workers. The dinner for the adult workers will be held in the new dining room of the college cafeteria Monday night, and the other two will be held earlier in the day to fit the schedules of the students.

The drive for memberships will end Saturday afternoon, and only those who hold memberships will be allowed to attend the concerts of the association. Dues for the year are $6 for adults and $3 for students.

One performance for the coming season has already been selected, and the others will be selected following the close of the drive. At least two other performances will be scheduled and possibly three, according to the number of members obtained.

The Marina Svetlova dance group will appear in the WT administration building auditorium on March 15. Miss Svetlova, prima ballerina of the Metropolitan Opera, will appear with a dance group including Gilbert Canova, leading male dancer of the Marseilles, France, opera and the Municipal Theater of Nice, France; and Lutys de Luz, a Spanish dancer who is appearing in America for the first time this season.

The dance group is accompanied by Theodor Haig, concert pianist. He has assisted various Metropolitan Opera singers and has appeared on solo concert tours throughout the U. S., Canada, Mexico, South America and South Africa.

Headquarters for the membership campaign will be the Ex-Students office in the WT student union building. A special telephone will be installed for the week-long drive and the number will be announced later.

The campaign workers will attempt to canvass all of Canyon and the surrounding area, but anyone who is missed is asked to contact the headquarters.

One of the benefits of membership in the Canyon association is the reciprocal agreements with the associations in Plainview and Clovis, whereby members of each of the associations may attend the concerts of the others without additional charge. By attending all of the concerts of the three groups, a member of the Canyon association can see at least nine performances for only $6, less than $1 each.

The artists for the season are selected by the members of the association board of directors. Mrs. H. R. Fulton Jr. is president and Milton Morris is campaign chairman.

A feature of the dinner for adult workers will be the appearance of Mrs. Robert Antrim, violinist with the Amarillo Symphony. Mrs. Antrim will be accompanied by Matilda Gaume, and she will play "Introduction and Rondo Capriccioso" by Saint Saens.

Mrs. Antrim has been a member of the Denver Symphony for three years and for five years was with the Central City opera orchestra. She was with the staff orchestra of station KOA, Denver, and holds a bachelor of music from Morningside College, has studied at Drake University, the American Conservatory and Denver University, and holds a masters degree from Colorado State College at Greeley.

College Dorms Have Open House

An open house of West Texas State College dormitories will be held Saturday from 10 a. m. until noon, and the public is invited.

The six dormitories for men and women, including the two newest structures, Brown and Terrill halls, will be open for inspection, along with the new wings of Stafford, Cousins and Randall.

Brown and Terrill, and an addition to Stafford were opened for occupancy for the first time this fall.

Evacuate Cafeteria During Grease Fire

Burning grease turned about 80 junior high school students out of the high school cafeterai about 11:45 a. m. Monday, but the fire was extinguished before firemen arrived and the students were eating again in half an hour.

The grease was in a pan on top of the stove in the kitchen of the cafeteria. When it caught fire, the cooks popped it into the oven and the blaze was put out with fire extinguishers.

When firemen arrived, the fire was out and little damage occurred. Smoke filled the kitchen, causing teachers in charge to escort the students from the cafeteria. J. E. Miller said the building was evacuated quickly without incident.

Damage was confined to smoke.

ASC County Committee Set

O. H. Rahlfs Jr., John Wieck and Kenneth Erwin were selected to serve on the ASC County Committee for the coming year at the county convention last week. Rahlfs is chairman, Wieck vice chairman and Erwin regular member.

Alternate members are Charles Davis and John Plank. The committee replaces the old committee, which was composed of R. B. Gist, chairman, C. B. Erwin, vice chairman, and J. B. Anthony, regular member. Alternates were James F. Gruner and Plank.

Gist had been a member of the County Committee in Randall County since the ASC program began in 1933.

The new chairman, Rahlfs, is a cotton, wheat and grain sorghum farmer who lives in the south part of the county. Wieck farms wheat and feed crops and lives in the west side of the county.

Erwin farms wheat and feed and lives in the northeast part of the county. Davis and Plank are also wheat and feed farmers.

Delegates attending the convention were Bradley A. Burrus, Canyon; Charlie C. Sutton, Sunny-Hill; Melvin K. Leavitt, Jowell; Fred Begert, Umbarger; Roy M. Lamb, Highland; Wayland C. Angel, Trigg-Zita; and Harold L. Erwin, Stone Park.

Tell Homecoming Parade Prizes

First prize in each of three divisions of the Homecoming Parade this year will be $25 and second prize in each of the divisions will be $15, the Chamber of Commerce has announced.

There will be a theme for the parade this year, "West Texas State Growing with the Panhandle," and all floats must depict the theme. No vehicles besides those pulling floats or carrying the official party will be allowed in the parade.

The three divisions of the parade will be College, High School and Business and Organizations. High School entrants should register for the parade with T. L. Devin. College entrants should register with Dr. Jack Walker and Business and Organization entrants should register with the Chamber of Commerce.

The parade will begin at 10:30 a. m. on Oct. 26. Earlier in the week, Western Days will begin on Thursday and will run through Friday. Wearing western clothes on Saturday will be optional.

Businessmen may enter the beard-growing contest this year, with a prize going to the best beard in town. The contest is usually carried on by students on the campus.

Agents to Organize Senior 4-H Club

John Brazzil, County Agricultural Agent, and Mrs. Mona K. Hildreth, County Home Demonstration Agent, will organize an Umbarger Senior 4-H Club, grade 7 through 21 years of age, Oct. 7 in the Umbarger school auditorium.

The hours for organization of the club will be from 8 until 10 p. m. The regular meeting will be scheduled for the fourth Friday of each month.

The Umbarger Junior 4-H Club will meet during school every third Tuesday. The ages to be included in this group are from nine years through the sixth grade.

Top Conservationalist

Charles Conatser, left, is presented the Canyon Lions Club award for the Outstanding Conservation Farmer for 1957 in the Randall-Potter Soil Conservation District by Aubrey Crossland. Conatser is a member of the board of supervisors of the district, and was given the award at the regular meeting of the club last week.

Welcome Regents to Canyon

Special meetings and hearings by the Board of Regents of Texas State Teachers Colleges will open here at West Texas State College Thursday and continue through Saturday.

The nine-member board, governing body of West Texas State and five other institutions in the state-supported teachers colleges system, is meeting here for the first time since 1952. Presidents and business managers of the six colleges are also expected for the board's sessions.

Since the last regular quarterly meeting of the group was held in August, business at this special meeting is expected to be light and routine.

Regents will be honored at WT's regular assembly Thursday at 10 a. m., when State Senator Grady Hazlewood will make a brief address dedicating the college's two new dormitories and additions to a dormitory and the cafeteria.

The board's business Thursday opens at 9 a. m., with local committee meetings, when each college presents its report to groups of three regents composing its "local committee." These sessions continue throughout the day.

Regents and college officials will be guests at luncheon Thursday of the Amarillo Rotary Club at the Herring Hotel. Wives of regents and officials will be luncheon guests of Mrs. Henry Sears in Hereford.

WT's president and business manager will honor visitors at dinner Thursday at the president's residence, when Dr. and Mrs. James P. Cornette and Mr. and Mrs. Virgil Henson will be hosts.

Board hearings are slated Friday morning and afternoon and Saturday morning. Canyon's Chamber of Commerce will be host to visitors at a luncheon in the college cafeteria Blue Room Friday, and the WT faculty will honor visitors at a barbecue Friday at 5:30 p. m. in Palo Duro Canyon State Park.

Visiting wives will be guests of Mrs. Cornette, Mrs. Henson and Mrs. Macon O. Carder for lunch Friday and Saturday at the Amarillo Club.

Official inspection of WT's new buildings will be made by the board and representatives of the Home and Housing Finance Agency Saturday morning.

Members of the board are Frank E. White of Cleveland, president, J. Henry Sears of Hereford, vice-president, Richard F. Stovall of Floydada, Miss Elizabeth Koch of San Antonio, C. F. Ramsey of San Augustine, H. L. Mills of Houston, W. H. Frank Barnes of Terrell, William V. Brown of Texarkana, and J. S. Woodward of Dallas.

Claude Isbell of Austin, a former state senator, is executive secretary of the board, and Mrs. C. S. Orter of Austin is secretary.

Colleges in the system, and their presidents, are WTSC, Dr. Cornette; Southwest Texas State Teachers College, Dr. J. G. Flowers; East Texas State College, Dr. James G. Gee; Sam Houston State Teachers College, Dr. Harmon Lowman; Sul Ross State College, Dr. Bryan Wildenthal; and Stephen F. Austin State College, Dr. Paul L. Boynton.

Graveside Rites For Bassett Baby

Graveside services for Sylvia Marie Bassett, two-day-old daughter of Mr. and Mrs. Bruce Bassett of Happy, were conducted Thursday morning in Dreamland Cemetery by Herman Shields.

The baby died Wednesday afternoon in Neblett Hospital.

In addition to the parents, survivors include her grandparents, Mr. and Mrs. L. D. Bassett of Edgewood, Texas, and Mr. and Mrs. H. C. Bryan of Happy.

Arrangements were under the direction of Warren-LaGrone Funeral Chapel.

City Okays Bids On Bond Letting

The bids of First Southwest Company and Columbian Securities Corporation of Texas were accepted by the Canyon City Commission Wednesday for handling the $650,000 in revenue and tax bonds to be issued for enlarging the city's water system.

The bids, submitted by the two companies together, were the lowest of four submitted for the two sets of bonds. A total of 13 bond companies were represented in the four sets of bids.

The winning bid was a true interest rate of 4.7493 per cent for the $525,000 revenue bonds and of 4.3550 for the $125,000 tax bonds.

Other companies bidding, in the groups in which they submitted bids, were First of Texas Corporation, Russ and Company, Burt Hamilton and Company and Rowles, Winston and Company; R. A. Underwood and Company, Dallas Union Securities Corporation, Dewar, Robertson and Pancoast, and McClung and Knickerbocker; and Rauscher, Pierce and Company, Eddleman, Pollak Company, and Wm. N. Edwards and Company.

The highest bid on the revenue bonds was 4.9077 per cent and the highest bid on the tax bonds was 4.5425 per cent.

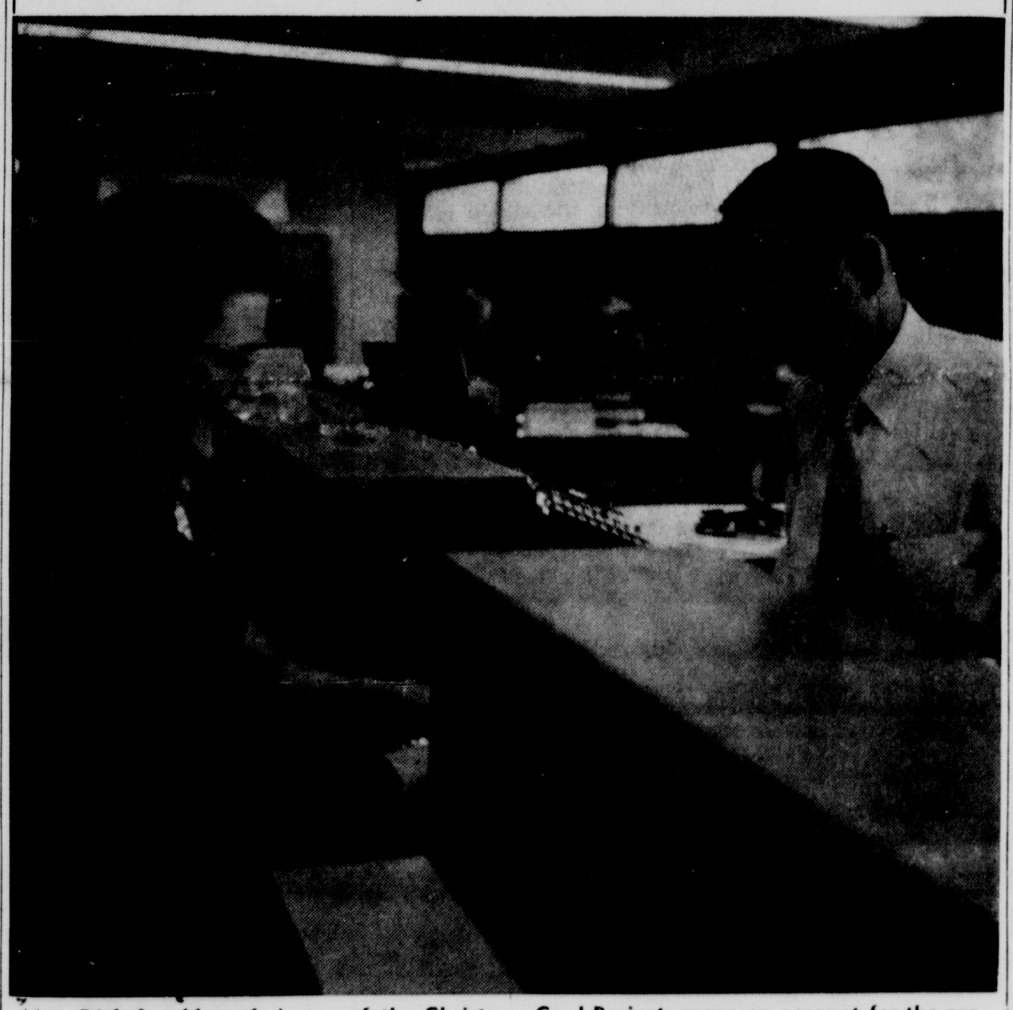
The winning bidders will charge a premium of $77 for the revenue bonds and $19 for the tax bonds.

First Southwest Company was represented at the bid session by Joe W. Smith of Lubbock and Columbian Securities was represented by Bob L. Davis of Amarillo.

Sister Hears of Death of Brother

Mrs. W. T. Boston received word early this week of the death of her brother, Ellis Gordon. Mr. Boston will attend the funeral at Coleman which was Mr. Gordon's home.

Opens Account



Mrs. Dick Loudder, chairman of the Christmas Card Project, opens an account for the project at the First National Bank. Those who wish to donate to that project to help build a community center, should deposit their donation in the bank in the Christmas Card Project account. The slip should be filled out in this manner: Write Christmas Card Fund in the depositers blank, and write Care of Jean Loudder on the second line. The donater signs his name and writes the amount on the lower half of the slip. Both the original and carbon will be left at the bank. Names of all who donate will be published in the Christmas edition of The Canyon News on a special page.

Building Permits Total $594,800

Five building permits, three for new houses, were issued during September to bring the total building this year to $594,800.

The September permits totaled $66,750. They were:

Taylor-Foster Development Company, 405 Holman Lane, residence, $18,500, Sept. 5.

T. H. Foster, 1008 25th Street, residence, $15,000, Sept. 10.

M. B. Sims, 2413 Eleventh Avenue, residence, $15,000, Sept. 16.

W. F. Haggard, 2416 Seventh Avenue, addition to garage, $250, Sept. 16.

Cliver Construction Company, 1610 Fourth Avenue, remodel Southwestern Public Service Company office, $18,000, Sept. 17.

Red Cross Offers First Aid Course

A Red Cross First Aid Instructors Course will be offered next week at the Red Cross headquarters in Amarillo. Interested persons in Canyon and at West Texas State College may enroll.

Persons wishing the total instructors course will attend classes Oct. 7-11 from 7:30 until 10:30 p. m., and those needing refresher courses attend the classes for three days, Oct. 7-9.

To be eligible for the instructors course, a person must have had standard and advanced courses.

Persons wishing to sign up for either of the courses may contact Frank Burnett at DR 6-6309 in Amarillo, or Roland Black at the Canyon Chamber of Commerce, OL 5-3201 in Canyon.

Mr. and Mrs. Clarence Thompson left last Saturday night to visit Mr. and Mrs. Tommy Thompson and son in Basking Ridge, N. J.

Mrs. Ruth Hill spent the weekend in Dumas with her daughter and family, Mr. and Mrs. Garland Cavitt and Kelly Leigh.

Soil Conservation Assistance Program Begins Here

The Great Plains Conservation Program, authorized by Public Law 1021 enacted by Congress last year was activated last month. A Congressional appropriation of $10 million for the first years' operations became available Aug. 2.

The purpose of the program is to assist farmers and ranchers in carrying out conservation plans through long-term cost-sharing contracts that will help to minimize climatic hazards and protect their lands from erosion and deterioration by natural causes. The program will be carried out in cooperation with local and state governments, the Great Plains Agricultural Council, Soil Conservation Districts and farm organizations.

To participate in the program a farmer or rancher must have a workable plan of conservation operations that incorporates needed land use changes, needed cropping and grazing systems, needed soil and water conservation practices in proper combinations. The plan also includes a time schedule for doing the planned jobs.

The plan must be technically sound, based upon soil and range site maps, and acceptable to the Secretary of Agriculture. Soil Conservation Service technicians will help a farmer or rancher make his plan on request.

The contract period can run from 3 to 10 years, ending not later than Dec. 31, 1971.

Cost-sharing will be given for needed work.

Southerners Will Be Tough for Herd

A team that has been consistently defeating Southeastern Conference schools the past five years will be West Texas State's football opponent Saturday night in Amarillo Stadium.

Mississippi Southern, one of the nation's toughest independents every year, leaped into the national spotlight in 1953 when it defeated Alabama and Georgia in its only two outings with Southeastern Conference powers. The 25-19 win over Alabama that season was especially noteworthy because the Crimson Tide had been picked to win the conference.

In fact, the tough Southerners have not lost to Alabama, an annual opponent, since 1952. The two rivals tied last year, 13-13, before Southern went on to meet West Texas in the Tangerine Bowl at Orlando, Fla.

Although the Buffs came from behind to defeat Mississippi Southern, 20-13, in the Jan. 1 classic, most of the West Texas players agreed it was the toughest foe of the season.

Saturday's battle in neutral Amarillo Stadium should be as good a match as the Tangerine Bowl. Coach Thad "Pie" Vann's visitors are undefeated this year, having defeated Louisiana State, 7-0, and Trinity, 13-0. West Texas opened with impressive wins over McMurry, 20-7, and Texas Tech of the Southwest Conference, 19-0, before dropping a thriller to Texas Western, 20-12, Saturday at El Paso.

The Buffs took a 12-0 lead the first two times they got the ball against the defending Border Conference champions. However, the Miners, picked to repeat as Border champs, had a 14-12 lead with less than a minute to go. Gambling on a last-ditch effort, West Texas ran on a fourth and eight situation on its own eight and failed.

The Buffs had all the best of it in statistics, making 14 first downs to Western's 11 and gaining 223 yards rushing to the winners' 218.

Saturday's game will be the first college attraction in Amarillo since 1951. Being promoted by the Amarillo Chamber of Commerce, tickets are on sale at many key places throughout the area and close to a capacity crowd is expected.

Welcome to Canyon

For the first time since 1952, the board of regents which governs West Texas State College along with a handful of other colleges, will meet in Canyon. The official part of the meeting will be taken up by business and committee sessions.

A number of social events has been planned here and in Amarillo to entertain the regents and their wives. The new dormitories on the campus will be dedicated in an assembly program Thursday. No doubt the regents will go to see West Texas whip Mississippi Southern in Amarillo Stadium Saturday night.

We offer the members of the board a friendly welcome to Canyon and we hope your stay is both pleasant and profitable. Feel free to ask for anything you need or want, the town is yours.

Members of the board are Frank E. White, Cleveland, president; Henry Sears, Hereford, vice president; Judge W. H. Frank Barnes, Terrell; Jack S. Woodward, Dallas; Richard F. Stovall, Floydada; Elizabeth Koch, San Antonio; Hubert L. Mills, Houston; Judge C. F. Ramsey, San Augustine; and Judge William V. Brown, Texarkana.

Think Ahead

For the benefit of those who have a little money now, but are used to singing the "broke blues" after the first of the year, here is a little reminder.

Poll taxes may be paid anytime between Oct. 1 and Jan. 31. You can get your receipt at either the main tax office in the courthouse or the branch tax office in Amarillo, or by sending in a mail request. You can get your poll tax by signing the back of your property tax notice and adding $1.75 for each poll tax you need.

Those who need to pay poll taxes in order to vote are all citizens between the ages of 21 and 65. Those who are 21 and have never voted may obtain an exemption certificate by requesting one prior to the first election in which they intend to vote. Those persons who are over 65 and who live outside a city of 10,000 population or more do not need an exemption certificate. Those who live inside the city must have one.

Here's what a poll tax will be this coming year. It will be a ticket for participation (according to where you live) in Canyon city elections, school board elections in both Canyon and Amarillo, Democratic Party primaries and a general election. Slated for contests this year are these county offices: County Judge, Commissioners of Precincts 2 and 4, County Clerk, Criminal District Attorney and County Treasurer. There will be a series of constitutional amendments.

And there's no telling what kind of special elections a poll tax can get you into. There may be bond elections—there could be an election for a senator in case one dies or resigns—oh, there's no telling what kinds of elections there can be.

But there's one thing sure; you won't get to go to any of the elections if you don't pay your poll tax. And now's as good a time as any—don't wait, do it now.

Miscellaneous Information--

Someone said that the parking problem at West Texas State is not caused by every student owning a car—it's caused by those students who own two cars.

☆ ☆ ☆

Once upon a time, there was a cow who Thought. (Not very well, but she Thought.)

And she thought her farmer was making too much profit on her milk. He provided a comfortable barn and stall, and hay and grain, but she wanted more.

So one day she held back her milk. Painful, but she was determined to have Her Rights. The farmer, in desperation, tried throwing in some more hay and grain, and she gave her milk again. No more milk to pay for the added feed—just the same amount . . . where the money came from to pay for the added feed was the farmer's worry.

She liked this taste of power, so pretty soon went on strike again. And the farmer, in desperation, increased her feed.

Still no increase in milk.

The farmer needed some roof repairs on the barn and new milk pails, but practically every cent he got for milk was now going into feed.

Power was now so pleasant to the cow that she went on strike at regular intervals. If she could have thought of some Fringe Benefits in addition to greater pay, she would have demanded them, too.

Finally the milk wouldn't pay the feed bill. So the cow became hamburger, and the farmer, discouraged by cows who Think but don't think straight, went into another business.

(Borrowed from Coffee Time Chatter via Gulf Breezes, an insurance company publication.)

What Our Neighbors Say . . .

Scissor Snippings

Jimmie Gillentine in the Hereford Brand: "Although not the funniest thing in the world to certain people, the jokester who resorted to childish tactics of 'sign swapping' did get a few chuckles from motorists along Park Avenue Sunday when he copped the Lions Club 'WRESTLING HERE . . . Every Saturday Night' sign from the Bull Barn and carefully deposited it on the front porch of the Nurses' Home."

☆ ☆ ☆

Harold Hudson in the Ochiltree County Herald (Perryton): "Talked to Olin Hinkle, a University of Texas journalism professor and a former teacher of ours. He says times have changed at the university since we attended that institution several years ago. Used to be that a student could stay in school by doing mediocre work. Now the emphasis is on scholarship. The professors are getting tougher, making the students perform. This year, it takes a B average to get into graduate school and it used to be you enrolled regardless of scholastic average. We are glad that they didn't have this heavy emphasis on scholarship when we attended. We may not have graduated."

☆ ☆ ☆

P. J. in the Lynn County News (Tahoka): Becky's kindergarten teacher told me the other day she needed some new paste and so, hand in hand, we went into a local store to purchase some. After removing the lid from the jar at her insistence, she stuck her finger in it, put it in her mouth and after tasting it, said, "That's the right kind—it's like Debbie's."

Help Keep Canyon Clean!

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: EMMETT SIZEMORE, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 4th day of November A. D. 1957, to Plaintiff's Petition filed in said court, on the 18th day of September A. D. 1957, in this cause, numbered 3417 on the docket of said court and styled CHRISTINE SIZEMORE, Plaintiff, vs. EMMETT SIZEMORE, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: suit for divorce, based on grounds of cruel treatment, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 18th day of September A. D. 1957.

Attest: MAVIS HILL, Clerk
47th District Court
Randall County, Texas
(SEAL) 25t4

I GIVE YOU TEXAS

By BOYCE HOUSE

A rancher most of his life, Ira G. Yates decided it would be a fine thing to become a merchant, so he traded 216 cows for a store in the West Texas village of Rankin, in Upton County. But, after 18 months of keeping books and selling flour and kerosene, he had a hankering for life in the open again, so he swapped the store, in 1915, for a ranch "across the Pecos."

And that might be considered the starting point in the chain of events that was to lead to the discovery of the Yates field, in some respects the most remarkable in history—a field that was to witness probably the most gigantic gusher ever drilled and brought under control in the world, a field moreover that was to contribute many millions of dollars to the public schools of Texas and that, before its course is run, will (experts predict) produce several hundred million dollars worth of oil.

When Yates acquired the ranch, a friend who had formerly been its owner, advised him, "Get rid of it at once," adding that he had lost money on the ranch himself. An acquaintance gibed, "Even the buffalo knew better than to cross the Pecos." Another joined in, "Why, a crow wouldn't fly over that land," and a third said, "It ain't wuth the taxes."

But Yates ignored alike the well-meant counsel and the rough but friendly "joshing." A severe drouth came and he found 1916 and the two years that followed "tough going." But he stuck it out and even improved the place. Then in 1923 the Reagan County field was discovered "and we all got the oil fever," Yates related afterward.

The Pecos, however, was regarded as the deadline for the production of oil. It is true that, some years before this, small production had been found by shallow wells near Toyah in Pecos County. And in January, 1921, Fort Stockton, the county seat, was thrilled by a well (some 60 miles from the Yates ranch) that, from the amazing depth of only 96 feet, flowed several thousand barrels in less than 24 hours—then stopped. Other wells around the "Mystery Well" proved dry holes. For all practical purposes, therefore, the Pecos River had come to be considered the deadline for oil.

Much of the romantic and the historical was associated with that stream—frontier memories of cavalry, of ox wagons and of Indian arrows whizzing a song of death. The very names of the crossings kept alive the thoughts of pioneer days.

Emigrant Crossing was used by westbound travelers and is said to have been on the route of wagons going to the California gold fields soon after '49. Horsehead Crossing was used by cattlemen and settlers. Pontoon Crossing apparently derived its name from military use; perhaps the soldiers used pontoons to get wagons across. S Crossing was said to have been named for a horse ranch nearby with the brand "SSS." Lancaster Crossing was near the fort of that name, a post in Indian days.

Old Spanish Crossing was below a dam that was built by Mexicans to provide water for irrigation to produce grain and vegetables for the troops at old Fort Stockton. A layer of brush was placed on the bottom of the stream and weighted down with rocks. Layer after layer was built and the chinks were soon filled with sand and silt. The dam was faced with rocks and it turned the water into the ditches.

Hickox Crossing was used by soldiers and emigrants. On the west side were two graves of Indian fighters—a Texas Ranger and an army officer.

This reward is a standing offer, and shall be paid out of the General fund of the City of Canyon, Texas.
Hosea Foster
Mayor
Attest
Andrew Boggs
City Secretary
26t1

Ordinance 193
An ordinance of the City of Canyon amending ordinance 191, making the tax levy for the year 1957 on all property situated in the City of Canyon, Texas.
Introduced before and passed by the City Commission of the City of Canyon on this 9th day of September 1957.
Hosea Foster
Mayor
Attest
Andrew Boggs
City Secretary
The full text of this ordinance appears in the minutes of the City Commission and copies will be available at the City Hall.
26t1

Statement Required by the Act of August 24, 1912, as amended by the acts of March 3, 1933, and July 2, 1946 (Title 39, United States Code, Section 233) showing the ownership, management, and circulation of The Canyon News, published weekly at Canyon, Texas, for October 2, 1957.
The names and address of the publisher, editor, managing editor, and business manager are: Publisher, Arthur C. Haley, Jr.; Editor, Bill Cherry; Managing Editor, None; Business manager, Arthur C. Haley, Jr., Canyon, Texas.
That the owners are: Arthur C. Haley, Jr., and Charles R. Hillier, Canyon, Texas.
That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: Mrs. Clyde W. Warwick, Canyon, Texas.
That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months, preceding the date shown above is 1900.
ARTHUR C. HALEY, JR.
Sworn to and subscribed before me this 1st day of October, 1957.
W. T. Cherry, Jr.
Notary Public
(My commission expires June 1st, 1959.)

Mrs. Marshall Tells of Holiday Table Setting

Mrs. Gladys Marshall presented the program for the Palo Duro-Rusk Home Demonstration Club recently when members met at her home. Her theme was "Holiday Table Settings" and she demonstrated what could be done with what you have on hand and a creative ability.

From her collection of over 150 plates, Mrs. Marshall used a plate in keeping with a centerpiece for each month of the year. The miniature guns used in the "Fourth of July" centerpiece were carved from wood by her grandson, Arvle Marshall, 10 years ago. An old fashioned blue bonnet filled with blue flowers was used to commemorate Texas Day.

The January theme was carried out by a large Zodiac plate under which each member found a heart on which her horoscope was written. In the June "Month of Brides" centerpiece were a bride and groom used 30 years ago in one of the courtesies extended to one of the members, Margaret Sprague, then bride-elect of Charles Wilkinson.

Eleven members were present for the unusual meeting. The next meeting will be with Mrs. Arthur Minor on Oct. 8 at 2 p. m.

Mrs. Bill Dugan Is President of Class

The Grace Sunday School class of the First Baptist Church met Thursday morning in the home of Mrs. James P. Cornette, teachtr of the class. There were 21 present, honor guests being those who were leaving the class and the new members coming into the class.

During a business meeting, presided over by Mrs. Donald Briggs, outgoing president, the following officers for next year's class were elected: President, Mrs. Bill Dugan; vice president, Mrs. Andrew Boggs; secretary-treasurer, Mrs. Joe Hooper; program chairmen, Mrs. Roger Dugan and Mrs. Horace Carter; remembrance chairman, Mrs. Jerre Inman; group leaders, Mrs. Jim Boyce, Mrs. Jerry LaGrone, Mrs. Wayne Griffin and Mrs. Ray Griffin.

During the social, cake and coffee were served from the dining table by Mrs. Briggs, Mrs. Bill Dugan and Mrs. Roger Dugan.

Others present were Mrs. John Carlile, Mrs. John Coffman, Mrs. Carl Crow, Mrs. Bill Davis, Mrs. James Johnson, Mrs. Gort Rushmer, Mrs. J. C. Sills, Mrs. Don Standley and Mrs. Tommy Tucker.

Womans Book Club Has First Meeting

Mrs. Charles Harter gave a comprehensive review of "The New Dimensions of Peace" by Chester Bowles during the program of the first meeting of the year of the Womans Book Club.

In addition to being the first meeting of the year, the meeting was also guest day with eight guests present. They were Mrs. Eugene Bond, Mrs. Donald Price, Mrs. McCasland, Mrs. J. Manly Bryan, Mrs. John Burgess, Hattie Anderson, Mrs. Mary E. Sligar and Mrs. Jack Henson of Earth.

Answering roll call were 27 members. Mrs. Lee Johnson, the new president, presided over the meeting. Mrs. George Moore gave a report to the club on the community center project.

Mrs. Florence Webster, Mrs. Ruth Higgins, Mrs. Maude Mulhaussen and Mrs. J. S. Murphy of Shreveport, La., visited with Mr. and Mrs. J. M. White Wednesday. Mrs. Murphy will spend the winter in Canyon with her daughter, Mrs. White. The others returned to Shreveport Thursday.

Mr. and Mrs. S. W. Hankins and son, Willis, of Calico Rock, Ark., have been visiting in the homes of Mr. and Mrs. Munsey Seay and Mr. and Mrs. Jack Seay. Mrs. Hankins is a sister of the Seays.

Mrs. Herbert Williams and children of Roscoe, Texas, visited Saturday with Mr. and Mrs. W. T. Boston. Mrs. Williams is the Boston's granddaughter.

Barbara Brown Recital Sunday

Barbara Brown, daughter of Mr. and Mrs. Hatcher Brown, will be presented in her senior high school recital by her teacher, Frances Bright, Sunday, Oct. 6 at 3:30 p.m. at the high school cafeteria.

Barbara has been studying piano since she was five years old. She has played cornet in the junior and senior high school bands. An organist and voice student, she is also the Sunday School pianist at the First Presbyterian Church. She has won top ranking honors in the spring piano festivals for the past four years.

Assisting Barbara in her recital will be Sylvia Wiman of Hereford, an outstanding violin student of Charlotte Brantley.

Interested friends of the two girls are invited to attend.

Mrs. Curtis Samples and daughter, Pamela, are visiting Mr. and Mrs. C. W. Samples. Curtis Samples left Sunday for South America, and his wife and daughter will visit with her parents, the C. E. Heads, of La Junta, Colo., before joining him in South America.

BROTHER DIES
Leo Beasley of St. Louis, Mo., brother of Mrs. Rae Walters, died Monday, Sept. 30. Mrs. Walters was unable to attend the funeral.

Umbarger News

Sunday evening visitors in the Lee Haschke home were Mr. and Mrs. Elroy Artho and family.

The Eagle's Tale

31st Year Published by The Canyon News for Canyon High School Wednesday, October 2, 1957

To Challenge You

Do you have a life's goal before you? Do you know just how you will go about accomplishing that goal? Chances are you will never realize your goal at the rate you are going.

Want to know why?

The odds are against you. Did you know that the average person only capitalizes on about one-tenth of his ability? The majority are not giving their whole-hearted best. Many are merely coasting.

The Bible states that no one is perfect with the exception of God. Although you know you will never achieve this goal . . . strive for perfection.

It is essential that you make good grades now to be adequately prepared for college and to reach your life's destiny. So what you do and how much you learn now will decide whether or not you reach your summit.

Do not become discouraged. You are still young, with your whole life ahead of you.

I would like to challenge you to make the best grades you have ever made this year. Your abilities may not be as many as the next fellow's; and your grades may not be as good as his; but if you do your best you will have a feeling of satisfaction and enjoyment out of school.

In order to improve, good studying habits are necessary. The way to lose bad habits is to replace them with good ones.

Do you study to learn or to make good grades? How many hours studying do you put in each day? The minimum requirement necessary to adequately prepare your lessons is one hour a day for each subject. This means you should spend a considerable amount more time than this if you hope to get anywhere. Remember that you get out of school what you put into it.

Your grades in school are based on homework and class participation. Certain qualities must be developed in order to make good grades and make the most of the opportunities of a free education. Such qualities as cooperation, dependability, integrity, consistency, will power, determination, regularity in attendance, leadership, scholarship and service must be developed.

Remember that the qualities you show at home will reflect on your school life. These qualities are necessities in life. Soon you will be on your own and have to shoulder your own responsibilities. If you develop these qualities now, you will be ready when that time comes.

Still another reason for going to school is to learn how to get along with people, how to make friends, and to help prepare you to go out into the world. These purposes are as equally important as book learning.

These good study habits aid you in your homework, but other factors enter into preparation for class participation. You will want to learn how to use logic, common sense, or good reasoning in solving many problems. It is very imperative that you learn how to express yourself in class and to balance listening and talking equally in class participation.

Remember that this is a free country in which we live. Therefore, no matter what your family background or social standing, you have the opportunity to climb toward your goal. In this country everyone is created equal. True, some people have handicaps, but they can overcome these handicaps.

To reach your goal in life, besides practicing the preceding steps, it is necessary to set your goal a little higher than it already is. Let it become a challenge to you instead of coasting along and never trying.

Have you ever tried to do something but unforeseen hardships stopped you? The harder you tried the more obstacles you encountered until, as a last resort, you swore you would do it if it was the last thing you ever did. The more hardships you had the harder you worked.

I hope that you will resolve to yourself to make this the best school year you have ever had and that you will try to make the best grades you can possibly make.

FHA Holds Swim And Supper Party

Future Homemakers of America had the Get-Acquainted party Sept. 26 at CHS following an hour of swimming at the WT pool. The party was from 5 to 7:30 p. m.

The girls wore name plates so that everyone could get acquainted. For supper, hot dogs and all the trimmings were served.

David Miller and one other person served as lifeguards for the 35 girls. A total of 50 girls attended the supper following the swimming party.

We should be content with what we have—not what we are.

Cheerleaders Create Posters

Busy cheerleaders create a new flock of posters every Wednesday and Thursday. These wide-awake leaders in surprising positions and states of concentration work together to dream up new ideas. Brushes, poster board, and paints and rulers are scattered over the floor, as each girl contemplates a new poster. Whitefaces . . . Rangers . . . Tigers . . . Demons . . . bite the dust symbolically each week. Colorful posters decorate walls and floors of CHS and inspire the will to win each weekly game. Seated from left to right are Nedra Fanning, Melba Haile, Janet Wheeler, Kay Boydstun, Rachel Smith and Mayla Atkinson.

Pep Squad Boost Canyon Hi Spirit

Creative ideas begin to pop from the minds of the CHS cheerleaders when they gather each Wednesday and Thursday with paint brush in hand and splatter these ideas on paper to make the colorful victory posters which hang in the halls each Friday before the football games.

The cheerleaders for the 1957-58 school year are Kay Boydstun, Nedra Fanning, Melba Haile, Mayla Atkinson, Janet Wheeler, and Rachel Smith. The mascot is Nora Lynn Pond, 5, daughter of Mr. and Mrs. K. L. Pond. Mr. George Cristy, school business assistant, is sponor of the group.

The band and majorettes, under the direction of Mr. Herman Demus, high school band director, worked hand in hand with the cheerleaders in the presentation of the three pep rallies.

The first pep rally, held in the gym September 6, had as its purpose the teaching of new and old yells. A touch of dry humor was added to the second rally, September 13, when the cheerleaders, with the aid of a public address system, presented an attention-catching skit. The third rally was held in the school bus loading zone as the football boys were preparing to board the bus for Perryton.

Each week, on Wednesday, the cheerleaders begin selling "beat opponents" ribbons to the students. Around 300 ribbons are sold each week.

Each cheerleader has a necklace which is a miniature megaphone on a silver chain. Cheerleaders also wear gold pins inscribed with the Eagle. Purple corduroy slim jims have been added to the traditional uniform of the cheerleaders, thus providing greater comfort for cold weather.

J. E. Miller Clips Poems, Cartoons

For 25 years Mr. J. E. Miller, CHS principal, has been clipping poems and cartoons. When asked the reason, he said that they helped him in writing speeches and also they were educational as well as entertaining.

In classifying the two different types of clippings, his thinking was that poems are educational while cartoons are for entertainment.

Although he has never made a scrapbook out of them, he is thinking along that line. Many of the poems were given to him by people who knew he appreciated them and in return he many times gave a poem to some teacher who could use it in his or her class discussion.

Mr. Miller keeps a pair of scissors in his desk just for the purpose of clipping poems when he finds particularly interesting ones. Although he has the poems filed, some have been committed to memory.

Since his poems are not filed in a scrapbook he has some which he keeps here at school mainly for the purpose of advising the students. The ones he keeps at home are on most any subject that could be named, as the poetry field is unlimited.

Mr. Miller has gotten quite a laugh out of some of the cartoons and finds them to be interesting topics for conversation.

Debaters Orate Polemical Issues

Minds of the speech students were stimulated to sound reasoning by the discussion of controversial issues of current interest in the class during the first two weeks of school.

Groups of three or four students formed conversational groups to discuss controversial issues. Each group did research on chosen topics and then discussed the results during class much as they would discuss the same subject on the street.

Questions were then asked.

All of the topics discussed were of current interest to teen-agers and adults. One period was spent in discussion of the pros and cons of going steady. Other issues discussed were foreign aid, segregation, civil rights, recreation for Canyon youth, the life of Rudyard Kipling, and outstanding pieces of literature.

The speech class, under the direction of Mrs. Cecil Simms, speech instructor, is studying conversation and its principles. Some of the rules of good conversation as taught to the class are good ideas, good vocabulary, good diction, an active participant, good conversational guide, and strike the overused word "nice" from the vocabulary.

Choral Club Elects Annual Officers

Officers for the Choral Club were elected Sept. 19 during choir to serve for the school year.

Elected were Jim Fanning, president; Melba Haile, vice president; Nedra Fanning, secretary; and Joy Gray, historian. The officers chosen were members of the Choral Club last year.

FFA'ers Exhibits Compete at Fair

"Sorghum Goes for Stored Water" was the theme and title of the Canyon FFA educational booth which took fourth place in competition at the Tri-State Fair.

This exhibit demonstrated the depth at which roots of a sorghum plant will remove water from the soil at different stages of growth. The exhibit showed that sorghum roots will reach deep enough to remove stored water from the ground and will reach into parent soil material enough so it will yield well with a small amount of rainfall.

Canyon High's FFA department was well represented in the education booth contest, wheat improvement contest, and in the junior pig show.

Wheat samples were exhibited by John Winters, Carroll Wright and Don Kuehler. In the contest Don Kuehler placed fifth, Carroll Wright seventh, and John Winters eighth.

In the pig showing contest, Don Kuehler placed fifth with his senior spring boar pig.

Tri-State Fair Passes Given CHS

Friday the 13th wasn't so unlucky for CHS students. Free tickets were given to everyone for admission to the Tri-State Fair in Amarillo.

Tickets were good any day from Monday through Friday.

Band students were admitted free because of participation in the Tri-State Fair parade.

Witty Bellman Mixes Music, Fun

Side splitting humor showered on CHS students as poker faced David Workman presented a program of music and laughs in the school auditorium September 23.

Mr. Workman, America's foremost bell ringer, presented "Living Bells" in the auditorium at 9:30 a. m.

Mr. Workman's collection of bells numbers over 1,000, including sleigh bells, cow bells, English organ chimes, and the famous Swiss bells, formerly owned by the Royal Swiss Bell Ringers.

In addition to his remarkable talent on bells, Mr. Workman is a top trumpet and trombone player who really likes Dixieland music. He can play boogie-woogie in cow bells.

During the assembly a small group of students participated in a number called "Change Ringing" where each person of the group rang a bell in the proper sequence to play a tune. A most interesting part of the program was a demonstration on a multiple recording which has been made popular by Les Paul and Mary Ford.

Mr. Workman lives in Kansas City, Mo., 17 weeks of the year and the other 35 weeks he is traveling and presenting programs. Those 17 weeks at home he is working at his hobby, making and tuning bells. He has made bells for several outstanding bell ringers, some of whom have appeared on television. He uses old electric door bells and other odd combinations to make his bells. Tuning a bell is probably the most delicate operation in the realm of music.

The other 35 weeks he is presenting programs throughout the United States. Mr. Workman averages 12 shows a week during this period. He came here as a part of the Southern School Assemblies program.

CHS Classes Vote Leaders for '57

Hurry and scurrying Sept. 18, CHS students scooted to their first class meetings to elect class officers for the school year.

Seniors elected: President, Jim Fanning; vice president, Dory Funk; secretary, Linda Burkett; treasurer, Janet Taylor; sergeant-at-arms, Leonard Miller. For Student Council representatives senior choices were Rachel Smith, Dana Wilbanks and Joyce Shelnutt. Sponsors for the class are Mrs. Dan F. Sanders and Mr. G. D. Inman.

Juniors elected as their officers: president, Dwayne Ledbetter; vice president, Dale Henry; secretary, Joyce Ricketts; treasurer, Cathy Morris; and reporter, Melba Haile. Sponsors for the junior class are Mr. O. H. Schuette and Mrs. A. K. Knott.

Sophomores elected: President, Mike Poole; vice president, Billy Weddington; treasurer, Jerry Richardson; secretary, Wilma Burkett; sergeant at arms, Jackie Breitling; and reporter, Shannon Downing. Sponsors are Coach Lynn Hulsey and Miss Claudia Neelley.

Freshmen elected: President, Sherman McCarter; vice president, George Prichard; secretary, Sally White; and reporter, Jo Ann Thompson. Sponsors are Mr. T. L. Devin and Mrs. Suzanne Tatman.

Colon: Two periods going steady.
Friends: People you think about without making a fist.

Views From the CHS Eagle's Nest

Well, maybe this will be a rainy year, but the Eagles are not worried. They are prepared for rain, slippery balls, slick ground, and the general feeling of being all wet.

Canyon has played two games almost entirely in the rain. Slaton and Hereford games had rain throughout the entire playing time and the Eagles won both games: 26-13 and 7-0.

☆ ☆ ☆

One thing that the Eagles have not had luck with is fumbles.

During the rain at the Hereford game, the Eagles fumbled seven times and lost six of them.

At the Dumas game under excellent weather conditions the Eagles had almost as many fumbles as they did at Hereford in the rain. Two of these fumbles enabled the Demons to score and two more kept the Eagles from what might have been possible scores.

☆ ☆ ☆

The Eagles' defense is making a name itself with goal line stands. In the Hereford game the Eagles scored the only touchdown and the defensive squad held the Hereford team once on the one yard line and twice within the 10 yard line without permitting a score.

In the Perryton game on the second kickoff after Canyon had scored, the Rangers returned the boot to the Canyon eight, but the alert Eagle defense made sure that the advance died there. In the second quarter of the Dumas game the Eagle defense again stopped a drive one yard short of a Dumas touchdown.

Canyon's offensive backfield is no slouch either. Quarterback A. L. Pruett runs his team smoothly, keeping his opponents guessing at all times. Backs who have scored touchdowns so far are Miller, 6; Huyck, 3; Boydstun, 1; Pruett, 1.

Install Officers At FHA Ceremony

Future Homemakers of America had the first meeting Thursday, Sept. 12, in the CHS cafeteria with Mary Gladys Marshall acting as installing officer.

Officers installed were Mayla Atkinson, president; Ann Jarrett, vice president; Marcia Barker, secretary; Shannon Downing, treasurer; Edwina Hugg, historian; and Kay Boydstun, parliamentarian. Other officers serving this year are Suzanne Lemons, corresponding secretary; Margaret Lee Johnson, reporter; Melba Haile, song leader; Dorothy Higdon, pianist; Nikki Cabe and Marilyn Winn, sergeant-at-arms.

Nancy Wiggins was elected to serve as chairman of the committee for making and sending to the state a flag of Texas. Beverly Colwell is in charge of the project to plant a rose. Sally White, Joy Gray, and Terri Ridge were elected to serve on the picnic committee, and Mary McKay is in charge of emphasizing a national goal to eat a better breakfast every day.

The president appointed the finance committee, Shannon Downing, Pat Hardaway, Marilyn Winn and Wilma Burkett. Serving on the yearbook committee are Ann Jarrett, Judy Taylor, Mary Gladys Marshall, Linda Burgess and Marla Free.

A candlelight service with Carolyn Campbell, Beverly Henson, Louise Higdon, Pat Hardaway, Judy Parsons, Margaret Lee Johnson, Melba Haile, and Suzanne Lemons depicted the eight basic purposes of FHA.

After installation, Mrs. Jo Cabbell, home service director with Southwestern Public Service Co., gave a lecture illustrated with slides, titled Home Economics is Your Future.

Refreshments of peach-orange punch and cookies were served to guests and members present by the freshman class.

The FHA club meets on the second and fourth Thursdays of each month in the high school cafeteria at 7 p. m.

Found in one of the classrooms: Many people who drive so fast past a school house are the very same ones who were so slow when they passed through it.

Say 'Cheese!'

Pictures at CHS were being made September 24 and 26. Here is a junior, Marilyn Davis, posing for Pat Britain, local photographer who is under contract to make pictures for the school publications.

Soaring Wings Photos Snapped

"Now come on say 'cheese,' please. Oh! please smile just a little bit. That's it! Hold it! Flash! There, my lady."

This past week has been a busy one for barbers and hair stylists. All must be well-groomed for their school pictures, so there was a lot of buzzing around in order to be ready for the big flash.

It seems that the popping of flashbulbs began about 100 years ago. William Henry Fox Talbot, an Englishmen, tried to persuade other photographers to get away from "stiff" pictures. In short, Mr. Talbot was trying to add a smile to his pictures.

Now a person wants to look bright eyed and natural.

Band Performs For Grid Games

Twirlers were featured as the CHS band participated in the halftime activities September 27, at the Canyon-Dumas game on the home field.

There are four new twirlers this year. They are Donna Caskey and Wilma Burkett, sophomores, and Jimmy Boyd, junior. Carolyn Glanton, senior, and Ann Jarrett, junior, are second year twirlers.

New drum majors are Patricia Hardaway and Bonnell Riley. They alternate as drum majors, and they are classed as seniors.

Theme of the band at the halftime was "Personalities We Meet at Football Games." Going along with this theme, "Bill," for Coach Bill Davis, was spelled out. The letters CHS were also formed. Cheerleaders were introduced and the Fight Song was sung by the students.

John Menke Is KGNC Announcer

"This is John Menke reporting from Buffalo Stadium on the Canyon-Dumas game." KGNC appointed John as Canyon sports reporter for the 1957 football season. A personal letter, signed by Ray Cullin, KGNC, officially welcomed John to the Football Scorecard broadcast.

John phones his reports to the KGNC studios at the end of the first quarter, end of the half, and at the end of each game. These reports are tape recorded and presented on the Scorecard program.

The reports, lasting about two minutes each, include weather conditions, size of the crowd, win-loss records of both teams, and the score. John is sports columnist for The Eagle's Tale.

"HOWDY"

Members of The Eagle's Tale staff would like to extend a great big "Howdy" to each and every student. Each of us hopes that each of you will enjoy reading The Eagle's Tale throughout the year.

Wayside News

Rev. Merle Weathers filled his regular appointment Sunday and was a dinner guest in the Willie Modisette home.

Lt. and Mrs. Jerry Buster of Deluth, Minn., announce the arrival of a son born Sept. 23. He weighed 6 pounds and 10 ounces. Mrs. Fannie Stevens is the proud great-grandmother.

Mr. and Mrs. W. R. Franklin visited with L. E. Thompson in Clovis, N. M., last Monday.

Mrs. Mary Jenkins of Canyon is visiting her sister, Mrs. Bessie Lane.

Mr. and Mrs. Jimmie Bean were Quitaque callers last Saturday.

Tim and Johnny Payne of Amarillo are visiting their grandparents, Mr. and Mrs. E. J. Mahler.

Wanda Satterfield is visiting home folks.

Mr. and Mrs. E. C. Franklin were Canyon shoppers Thursday afternoon.

Just to remind you of the Wayside homecoming the third Sunday in October, which will be the 20th. Everyone is invited and asked to bring a basket lunch to the Wayside church. Come early for Sunday School and church.

Mr. and Mrs. Dean S. Todd of Tulia announce the arrival of a boy born Sept. 25 in Neblett Hospital. He weighed 6 pounds and 10 ounces. Mrs. Todd is the former Neta Ann Newsom.

Mr. and Mrs. Fay Hand of Canyon announce the arrival of a girl born Sept. 24 in Neblett Hospital. Mrs. Hand is the former Nelda Jo Gillham, formerly of Wayside.

The Charles Kennedy family met Mrs. Kennedy's mother, Mrs. R. C. Petty, at the Amarillo airport Friday morning. She flew in from Anchorage, Alaska, where she had been visiting her son, Capt. R. C. Petty, and family. Mrs. Petty reports a wonderful trip and visit.

Mr. and Mrs. H. C. Newsom and Loraine visited last weekend with their daughter and family, the Van Copes, near Happy.

Mr. and Mrs. H. C. Newsom visited Mrs. Dean Todd and little son last Wednesday evening in Neblett Hospital.

W. L. Fisher is out of the hospital and staying at the home of his nephew, Lem Fisher. His niece, Mrs. Sybil Willis of Brisco, is helping care for him. Mr. Fisher is able to be up and around.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

"Tickets" for Texas' 1958 political bouts go on sale next week. Poll taxes, $1.75 each, can be bought from Oct. 1 until Jan. 31.

Holders of the small white tax receipts not only can watch, but participate in the semi-annual struggle to decide who'll be "top dog" for the next two years. In the ring will be contenders for the offices now held by U. S. Sen. Ralph Yarborough, Gov. Price Daniel, Lt. Gov. Ben Ramsey, and so on down the line.

"Ticket" holders also can attend their Democratic Party precinct conventions next May, where the first round of a fight for party control will be staged.

Oil Quotas Sag

Lean days are ahead for Texas' top industry — oil.

After three months on an all-time low producing pattern of 13 days, the Railroad Commission cut the October production to 12 days. Daily allowable will be 2,964,062 barrels.

For a state heavily dependent on oil tax revenue and already faced with fiscal problems, the oil cut means tough times for the state budgeters.

More Taxes, Says Board

Even before the oil slash, the Legislative Budget Board had some hard facts to share with Texas taxpayers.

By 1958, says the Board the average Texan will pay 6.4 cents of each dollar he earns, in state taxes. This is compared to 5.3 cents per dollar in '57.

On the brighter side, State Comptroller Robert S. Calvert reported the state started the new fiscal year this fall in the black. Calvert's record showed Texas took in approximately $100,000,000 more than it spent up to Aug. 31.

"Bug" On The Loose

In schools, colleges, offices — even jails — over Texas, thousands of people are abed.

Nearly three thousand cases, with flu-like symptoms, have been reported to the State Health Department. Finding out whether it's Asian flu requires special tests. Health Department offices are swamped with specimens and requests for tests.

So far, only a dribble of Asian flu vaccine has come to Texas.

Push for Water

Activity toward a statewide water development program moves forward.

Members of the governor's citizens water planning committee are receiving information kits. Material is to be used in a campaign for adoption of the $200,000,000 water bond amendment.

Governor Daniel also announced the three representatives who'll be in charge of getting water planning legislation through the House during the special session. They are Reps. W. N. (Bill) Woolsey of Corpus Christi, Rep. Leroy Saul of Kress and Rep. Bill Shaw of Forney.

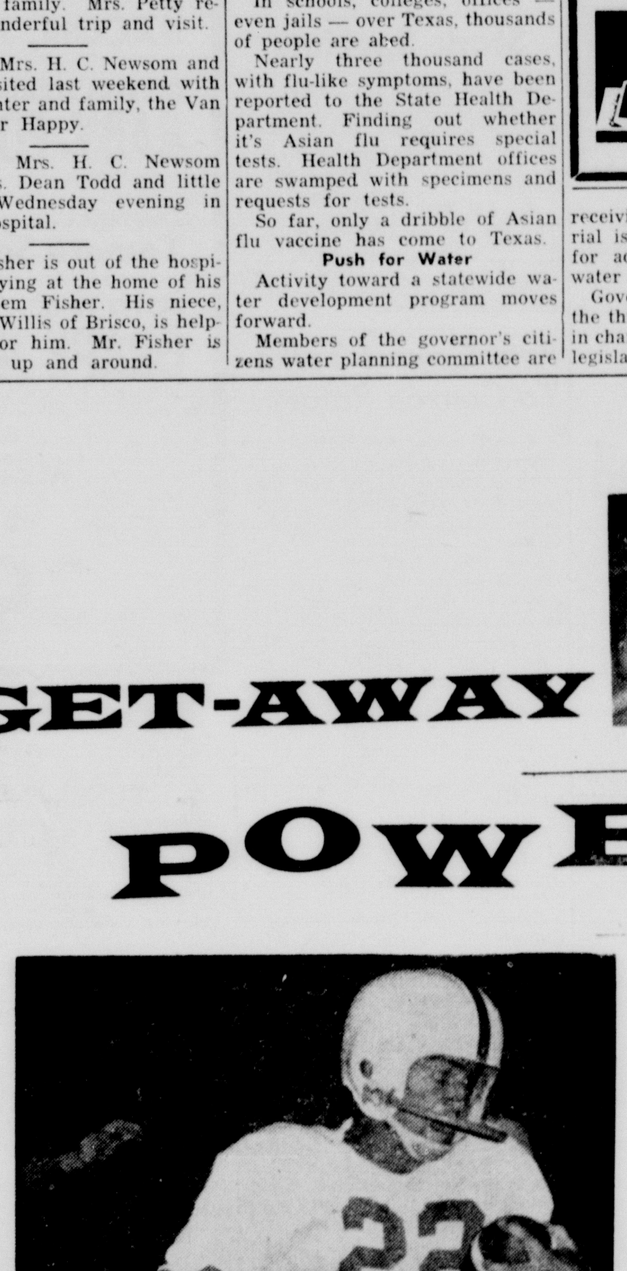
GET-AWAY POWER



Cosden gasoline has it!
Power to spare
when you need it there . . .
for fast get-away or hard, steady driving.

If you're missing part of the power
you bought in your car, try a tank of
Cosden Premium Ethyl. Notice the smooth,
positive way your engine takes hold on
a quick get-away. That's a reliable measure.
So is Cosden's knock-free performance . . .
or the extra mileage in every drop.
The difference is built-in . . .
at one of the world's most modern refineries.

If your car requires less
than a Premium gasoline,
Cosden Higher Octane Regular, too,
gives you bonus power for real mile-saving
economy. Either grade — regular or premium —
offers new performance, extra mileage, and
improved get-away power.
Fill up and find out!

Writing Week Observance Set

International Letter Writing week will be celebrated in Canyon during the week of Oct. 6 to 12, Acting Postmaster Marion Higdon has announced.

Each year since 1938 the Post Office Department has joined in the observance of National Letter Writing Week—an annual event celebrated to emphasize the meaning and value of letter writing as a symbol of American freedom.

As a result of its success, National Letter Writing week will be conducted on an international basis this year for the first time. The observance is based on the idea that written communication between people in all the countries of the world will contribute toward the building of a lasting peace.

"I am sure we are all aware that a personal letter is, next to an actual visit, the most intimate means each of us has to communicate with our fellow human beings. Letters between peoples of different nations are a sure method of establishing friendly relationships and understandings," Higdon said. "The problems of freedom loving peoples will be more quickly solved if they are better understood.

"I urge all citizens of Canyon to join in this first celebration of International Letter Writing week and at the same time write that overdue letter to friends and relatives in America."

Centenarian Has Relatives Here

The aunt and great-aunt of a number of people who live in this area celebrated her 102nd birthday anniversary recently.

The philosophy of longevity of Mrs. Sophia Albers was printed in the Omaha, Neb., World-Herald on the anniversary. "By God's will is everything done. It has been His will that I live this long," she said.

Mrs. Albers lives in the Lutheran Old People's Home in Nebraska, and has lived there since she was 83. Attendants there gave her a bouquet of flowers on her birthday.

A native of Germany, Mrs. Albers came to this county at the age of 22. She farmed for many years near Scribner, Neb.

Mrs. Henry Myer is her niece. Grandnephews, who live near Canyon are George Albers, J. A. Myer and Ernie Myer. Grandnieces who live here are Mrs. Gene Root, Mrs. George Albers, Mrs. Jess Anderson of Amarillo, Mrs. Tom Harbert of Dumas and the late Mrs. Bradley Burrus. Other grandnephews and grandnieces live in the Panhandle and in New Mexico.

Christmas Mailing Dates Get Nearer

The time has come to think of Christmas—not here at home but for overseas mailing.

Because of the long sea voyages frequently involved and to customs inspection and other formalities, it is recommended by the Post Office that mailings be made as early as possible in order to insure delivery by Christmas Day.

Senders can be reasonably sure that parcels mailed not later than the following dates will reach their destinations before Christmas:

Far East—Oct. 15; Near East—Nov. 1; Africa—Nov. 1; Europe—Nov. 10; South and Central America—Nov. 10.

Select ROTC Leaders for Fall

Donnel G. Bauer, Tulia senior, has been appointed commander of the West Texas State College Reserve Officers' Training Corps regiment for the fall semester.

Lt. Col. Edward L. Lindsey, professor of military science, named Bauer to head the cadet corps, and appointed other advanced military students to officer rank to command other groups. Bauer holds the cadet rank of colonel.

Selected to head the corps' two battalions were Lt. Col. James G. Coleman of Bristow, Okla., and Major Raymond E. Haddock of Canyon. Holding the rank of captain is James M. Hartman of Wellington, who will serve as regimental adjutant.

Company commanders, with rank of cadet captains are Charles W. Quattlebaum of Hereford, Gaylon L. Johnson of Merkel, Ralph D. Gowen of Amarillo, Donald E. Smith of McLean, and Carlos Garner of Sudan.

Platoon leaders, with rank of cadet first lieutenant, are James E. Burnbow of Lela, Edward R. Wells of Canyon, Eddie Steelman of Canyon, Kenneth Dietrich of Tulia, James R. Hopkins of Paducah, Jesse Fulfer of Dimmitt.

Billy Jack Spray of Matador, Sammy Hull of Amarillo, Lindley Davis of Childress, David Wheatley of Pampa, George Greiner of Canyon, Gene Glazener of Dalhart, Rex Peeples of Wellington, Darrell Wiley of Slaton, Virgil Reynolds of Canyon, Paul Emmitt of Plainview, and Wade Graham of Andrews.

AAUW Schedules First Meeting

The first regular meeting of the Canyon chapter of AAUW will be a luncheon Saturday at 12:30 in the Blue Room of the college cafeteria.

Purpose of the meeting will be the organization of study groups and each person attending will sit with a group having similar interests. The study groups which met last year were: French Conversation; Crafts; Play Reading and Analysis of Special TV Performances; and International Relations.

In addition to these, a Reading for Pleasure group has been formed whose members each buy a book published this year and exchange it with others.

There is also a continuing committee on Community Problems which meets as occasion demands it.

Final plans for the area meeting on Oct. 19 will be discussed at the meeting.

Any college women who were unable to attend the tea at Ruth Cross' home Sunday are urged to attend the luncheon Saturday or to come at 1:30 for the meeting. For reservations, call Mrs. Lee Gilmore.

Stork Specials

Mr. and Mrs. Foster Parker of Lubbock are the proud parents of a girl born Sept. 30. Grandparents are Mr. and Mrs. Otis Parker and Mr. and Mrs. Dick Lowery, all of Canyon.

Mr. and Mrs. Bill Perry of Abilene are the proud parents of a son born Oct. 1. He weighed 7 lbs. 10½ oz. Mrs. Perry is the former Joanna Haines, daughter of Mrs. Gladys Haines.

Pete Cowart Talks To Canyon Rotary

A talk illustrated liberally by humorous incidents relating to his work as manager of the Palo Duro State Park was presented Tuesday at the Canyon Rotary Club by Pete Cowart.

The club's first 100 per cent attendance day of the year was registered Sept. 23, according to Paul Summers, club secretary.

Guests of Rotarians were Jack King, guest of Truett Hull, and Douglass Rohre, guest of Bob Wear.

Visiting Rotarians were T. E. Drummond, Tom Cartwright, Thurmon Whitis, J. W. Collins, all of Amarillo, and Gilbert Davis of Hereford.

World Wide Service To Be Observed

Sunday, the First Methodist Church will observe World Wide Communion Sunday at 10:50 a. m. The communion offering will go to the Methodist Committee on Overseas Relief.

Under the leadership of the World Council of Churches, Christians around the world are to join Sunday in a special service of meditation and prayer. The council is encouraging all Christians to "consider their oneness in Christ and to pledge themselves to assisting one another in helping to build His Kingdom."

Six Staff Members At Speech Meeting

Six members of the West Texas State College speech faculty will attend the annual convention of the Texas Speech Association Friday and Saturday in Mineral Wells.

Featured speaker for the meeting will be Dr. Charlotte Wells, director of the speech clinic at the University of Missouri.

Attending from WT will be Dr. Crannell Tolliver, head of the speech department, Dr. Jack Walker, Dr. Wendell Cain, C. L. Farr and Robert L. Antrim.

Student Editors Named at College

Editors and business managers of West Texas State College's two student publications have been appointed for the 1957-58 session.

Two Amarillo students will be editors of The Prairie, WT weekly newspaper, and Le Mirage, student yearbook. Daniel J. Mudd, senior journalism student, is editor of The Prairie, a post he held during the spring semester last year. Peggy Lowe, junior elementary education major, is editor of Le Mirage.

Mudd edited The Ranger, biweekly newspaper at Amarillo College before transferring to WT last year. Miss Lowe, an assistant editor of Le Mirage for the past two years, headed the La Airosa staff at Amarillo High School in 1955.

Annette Steele, sophomore journalist from Ralls, is business manager of The Prairie, and Marsha Cockrell, junior from Hereford, is business manager of Le Mirage.

PLENTY OFF STREET PARKING AT REAR USE NEW ENTRANCE

Creatures of the outdoors are like people. Basically they need only two things to thrive: food and cover.

Of course, man yearns for more than the bare necessities—he plays around with his automobiles, cameras, books, stamps and whatnot. The game and fish have not thus fancied up their lives.

If they have plenty to eat and a good place to hide from their enemies, they get along. Take the recent whitewing season for example.

The whitewing dove was a disappearing bird until the Game and Fish Commission took over. The Commission's first action was to close the season on these bird.

Then a tract of about 200 acre of brushland was acquired, assuring cover for the whitewings. Result is that these doves have come back in such numbers that, during the past open season, whitewing shooting in South Texas was described as a "hunter's paradise."

Just now the Game Commission people would like to buy some more brushland acreage, to give the whitewings an additional guarantee that farmers will not plow up the whole of South Texas and leave doves without a bush to nest in.

If that can be done, and if we can get enough rain to provide forage for the birds, there is likely to be good whitewing shooting from here on out.

Mourning Doves, Too

Still talking about food and cover—consider mourning doves. This year, the dove shooting has been good, generally, because spring rains provided the grass and brush that birds look to for food and hiding places.

Incidentally, dove hunting begins in the South Zone, October 1, and your chances are very good, provided there is enough cool weather to prompt the birds to migrate in that direction.

Long familiar is the regulation that shotguns must be plugged to hold not more than three shells, but violators of this rule are still being arrested frequently by wardens.

And—one more reminder—don't forget your new license.

Food and cover for deer and turkey have been exceptionally good this year. Grass is growing where there has been no grass in years.

More Fishing Holes

Good and improving fishing places are farm and ranch ponds that have been properly stocked. There are more of these, now that ponds, once dry, were filled by this year's rains.

It's amazing the quantity of fish that can be taken from these small bodies of water. Some ponds, only an acre in size, have yielded three to four hundred pounds of fish in a year.

That means sport and food, not only for the family living on the place, but also for their friends.

The Game Commission has a booklet on how to use stock tanks and farm ponds for fish. It tells how to build and stock these ponds.

A Few Quickies

Don't shoot racing pigeons. That's another fellow's sport; he spends a lot of time and money breeding and training his birds. Besides, there's a state law against killing or molesting carrier pigeons.

Pflueger announces a new bait casting reel. It's called the "Trusty." Weighing only 5¼ ounces, this reel has a smooth anti-backlash, sliding click, and jewelled oil cups. Made of aluminum alloy, the Trusty has a handsome anodized cap, front and back plate. The reel has a 4 to 1 gear ratio and holds 175 yards of 15-pound test nylon line.

Dr. Robert Ladd of Chicago had the experts scatching their heads at Port Aransas. In addition to 40 mackerel and two kings he caught something that measured six feet, six inches. Some said it was a marlin, others said no. Scientists finally identified it as a spearfish, most rare. Only spearfish caught on rod and reel off the Texas Coast.

Variety Magazine Out at College

Fall issue of "The Buffalo," a variety magazine published by journalism students at West Texas State College, went on sale here Monday.

The magazine, started last winter, has been published twice previously. Its editors plan its appearance on campus quarterly. The venture is the first magazine publication ever attempted for WT students.

Lead feature of the fall issue is an article on Palo Duro Canyon State Park, described as "The Buffaloes' Playground." Several WT co-eds are pictured at some of the canyon's most colorful scenic points and favorite picnic areas.

Other features deal with the West Texas State Buffalo football fortunes, former WT students now famed as "Rock and Roll" artists, and fashions for fall wear current among WT co-eds. The issue also has a number of short stories by students and cartoons featuring WT campus affairs, along with a page of humor.

Editor is Orville Howard, senior journalism student from Darrouzett, and business manager is Robert E. Kelly, sophomore journalism major from Amarillo.

The two men were awarded a "golden cup" last spring by the Mary E. Bivins Friends of the Library Club of Amarillo for having begun the publication. The club will present an annual award to the author of the best piece of fiction to appear in "The Buffalo."

DOUBLE STAMP DAY TUESDAY

Canyon Council To Serve as Hostess For District 19 United Church Women

The Canyon Council of United Church Women will serve as hostess to the District 19 Assembly of United Church Women Monday at the district's fall meeting. The morning session will begin at 9:45 with registration at the Joseph A. Hill Chapel.

Mrs. Hosea Foster and Mrs. Tom MacOwan are to register the delegates. Other Canyon women having an active part in the morning session will be Mrs. Lee Foster, who is to play the organ, and Mrs. Pete Cowart, who is to give the morning meditation, "Fatherhood of God and Brotherhood of Man," which will stress the theme of the meeting, "Christ, the Church and Race."

Mrs. W. A. Miller, local president, is to welcome the delegation and Mrs. George Hill, district president, is to preside during the day.

A luncheon will be held at 12:15 p. m. at the First Methodist Church with Mrs. J. O. Parker in charge.

All women of Canyon are invited to attend. Those who do not attend are requested to bring a salad for lunch. The nursery at the Methodist Church will be open, and transportation will be provided from the chapel.

Alby Kuehler Wins Santa Fe Award

Alby Ann Kuehler is one of 13 winners of Santa Fe Educational Awards given to 4-H Club members in Texas.

The awards are offered in connection with the 1957 National 4-H Congress and are provided by the Santa Fe Railroad. The winners will be members of the Texas delegation to the Club Congress which meets in Chicago from Dec. 1 to 5.

Selections are made on the basis of leadership and achievement in 4-H, length of membership, participation in community, county, district and state activities, production records and the over-all record submitted by the participant.

Willie Hartman Returns to U. S.

Fireman Willie A. Hartman of the U. S. Navy, son of Mr. and Mrs. Anton Hartman of Route 1, Canyon, arrived in San Diego Sept. 26 aboard the attack cargo ship USS Tulare after completing a seven-month tour of duty in the Pacific.

While in the Far East and South Pacific, the Navy's newest and fastest attack cargo ship visited Sydney, Australia, Yokohama, Japan, Hong Kong and Singapore.

Vows Solemnized

MRS. ARLEN RUTHART

☆ ☆ ☆

Cecelia Waters Becomes Bride of Arlen Ruthart in Church Ceremony

In a double-ring ceremony at the Calvary Baptist Church Saturday evening, nuptial vows were pledged by Cecilia Waters, daughter of Mr. and Mrs. Cecil Waters, Route 4, Amarillo, and Arlen Ruthart, son of Mr. and Mrs. L. C. Ruthart.

The Rev. Aaron Mann, pastor, read the service before an altar draped with white satin and emerald foliage and flanked by white cathedral posts. Centering the altar was an arrangement of white chrysanthemums with flanking candelabra. A white satin prie-dieu completed the decor. Family pews were marked with emerald foliage tied with white satin bows.

Traditional nuptial selections were played by Fanita Marshall, pianist, who also accompanied the Rev. Davis Harrell of Baird, Texas, who sang "Because" and "The Lord's Prayer."

As maid-of-honor, Lynn Atkinson was attired in a dress of aquamarine crystalline styled with an Empire lace bodice. She carried a cascade bouquet of white frenched carnations tied with white satin streamers.

Donnell Ruthart of Amarillo was his brother's best man. Ushers were Garland Ruthart of Canyon, Darrell Ruthart of White Deer, Louis Dale Ruthart of Groom and Gerald Free of Canyon.

The candles were lighted by Phillip Waters, brother of the bride, and Cynthia Jackson, cousin of the bride. Wedding guests were registered by Darleen Moore of Dumas.

Given in marriage by her father, the bride wore a formal length, princess gown of white satin, designed with an Empire bodice of Venetian lace, Sabrina neckline and long tapered sleeves. The bouffant skirt had a panel of lace at the back. She carried a white Bible topped with a cascade of white frenched carnations centered with an orchid.

Mrs. Waters, mother of the bride, wore a pottery blue, brocaded satin dress with matching hat and navy accessories. Mother of the bridegroom, Mrs. Ruthart, wore a gray faille dress with black accessories. Both wore glamelia corsages.

Following the ceremony, the bridal party was feted by a reception at the home of the bridegroom's parents. Laid with a linen lace cloth over aquamarine linen, the serving table was centered with a bouquet of frenched carnations flanked by crystal candelabra.

Mrs. D. C. Lindley, sister of the bridegroom, presided at the punch bowl, and Mrs. T. V. Jackson, aunt of the bride, served the wedding cake.

After Oct. 4, the couple is to be at home at 607 8th Avenue. For the wedding trip, the bride chose a navy wool suit with red accessories and a white orchid corsage.

Mrs. Ruthart, a graduate of Canyon High School, is secretary to the superintendent of schools. The bridegroom, also a graduate of Canyon High School, is a junior student at West Texas State College.

Lunch Ideas Topic of Highland H. D. Club

The Highland Home Demonstration Club members opened their meeting with a roll call of lunch ideas. Mrs. Carl Reeder was hostess to the club Wednesday, Sept. 25. Mrs. Reeder gave the program on fixing and packing lunches.

Mrs. Hal Zumwalt told about her trip to Houston in August with the home demonstration delegates.

Present for the meeting were Mrs. Zumwalt, Mrs. Ledbetter and Mrs. Kitchens, guests; Mrs. Jas. Lamb, Mrs. Roy Lamb, Mrs. Roy Godman, Mrs. Leroy Lamb, Mrs. Earl Boydstun, Mrs. L. T. Campbell and Mrs. Reeder.

The next meeting will be with Mrs. Leroy Lamb, Oct. 9.

Sewing Machines Shown Wayside Club

Mrs. Bridges of Amarillo gave a demonstration of the Necchi and Elna sewing machines at the Thursday afternoon meeting of the Wayside Home Demonstration Club meeting. Mrs. Bill Allen was hostess to the group. Mrs. C. D. Rogers gave a council report.

Refreshments were served to Mrs. Lester Bryan, guest; Mrs. Cortez McNeil, new member, Mrs. Melton McGehee, Mrs. Rogers, Mrs. Floyd Adams, Mrs. Henry Hamblen, Mrs. James Bible, Paul Wetzel, Willie Modisette and the hostess.

Clark Gets Honor Standing at School

Barry G. Clark has been accorded Honor Standing by the California Institute of Technology on the basis of his grade point average maintained during the past academic year.

A graduate of Canyon High, Clark is a junior majoring in astronomy.

Brother Bill Hall preached for us Sunday morning and evening. His wife was unable to accompany him as the children were ill.

La Quita Patterson visited the paternal John Patterson home over the weekend and attended church Sunday morning.

J. W. and G. E. Wesley received word Thursday that their brother, E. J. Wesley, of Geneva, Ala., died at the age of 81. They were unable to attend the funeral. He was also a brother of Ella Hext and E. P. Wesley.

Those attending Mrs. Griffits' funeral in Happy Monday from our community were Mr. and Mrs. Charlie Sutton, Mr. and Mrs. E. W. Schaeffer, G. E. Sutton, Mr. and Mrs. E. W. Schaeffer, G. E. Wesley, Mr. and Mrs. J. W. Wesley and Mr. and Mrs. E. M. Wilson.

Mr. and Mrs. J. W. Wesley were shopping in Canyon Wednesday and visited with Orene Rogers, who runs the Kreme Kone on the Hereford highway.

Neal James, son of Mr. and Mrs. Wiley James, had the misfortune of getting his hand in the wringer and his arm was badly burned before his mother could release him.

Brother Bill Hall visited Sunday noon with Mr. and Mrs. Frank Rogers.

Mrs. Inez Shipman and Mrs. Vivian Myers were shopping in Amarillo Wednesday.

Mr. and Mrs. G. E. Wesley and Lavena Amerson were shopping in Amarillo Tuesday.

G. E. Wesley was in Tulia on business Thursday. He gave a good report on the Tierra Blanca Association meeting Sunday morning.

The next home demonstration club meeting will be Oct. 4 with Mrs. E. M. Wilson. The subject for the program will be "centerpieces."

Mr. and Mrs. Philip Morgan announce the arrival of a new son. The young man was born the day the twins of the Morgans were one year old. Mrs. Morgan will be remembered as Lucille Legate, granddaughter of Charles Sutton.

Mr. and Mrs. Vernon Collier visited their daughter, Joan, and other relatives at Friona Saturday night and Sunday.

Mr. and Mrs. Charles Sutton visited Sunday in the Jack Sutton home.

Mr. and Mrs. J. M. Dendy from Amarillo visited Sunday with the Laurence Millers.

Mrs. G. E. Wesley visited Monday afternoon with her mother, Mrs. M. F. Evans.

Mrs. Laurence Miller and Mrs. Lester Bryan were shopping in Amarillo Saturday.

Mrs. Minnie Carter In Dumas Hospital

Mrs. Minnie Carter is in critical condition in the Moore County Hospital after being in a car wreck Friday night. Mrs. Carter is the mother of Jim Carter.

Lighting in the Home Subject of Meeting

Mrs. Mona Hildreth, home demonstration agent, was in charge of the program for the Sept. 26 meeting of the Las Amigas Home Demonstration Club. Her subject was "Lighting in the Home." The hostess was Mrs. Toni Dewey.

Refreshments were served to the members and Mrs. Ralph Robinson and Mrs. Joe Green, new members.

The next meeting will be in the home of Mrs. Clara Stork on Oct. 10.

Extra Points Plague Both Canyon Football Teams

Miners 20 Buffaloes 12

West Texas State had a good case of the Texas-Western-jinx Saturday night as the Miners held the Buffs with a two extra point lead for nearly three quarters, then surged ahead when a Buffalo gamble failed. The final score was 20-12 for Texas Western.

West Texas turned the Miners around in the first quarter when the Buffaloes jumped to a 12-0 lead that looked good to fans. But in the second quarter, Texas Western evened up the touchdowns and added both extra points to give themselves a 14-12 lead at halftime.

The third quarter was a defensive battle, as was the last quarter until the Buffaloes began gambling for another touchdown during the last few minutes. The final score came after the Herd tried to run on fourth down deep in their own territory and lost the ball on downs.

The first two times West Texas had the ball, the team scored and it looked as if the game might belong to the Buffaloes. The Herd took the opening kickoff and returned it to their 35. In 14 plays, the Buffs went 65 yards on the ground to score. The final one yard was made by Bob Ratliff. Tommy Coffey's kick was low for the point.

Soon afterward, Texas Western was forced to punt and Ratliff returned it 49 yards to the TW 31. In seven plays the Buffs were across the goal line again. From the one, Charles Sanders plunged across but fumbled and Ronnie Mills recovered in the end zone. Coffey's kick try was again no good.

In the second quarter, things were reversed. Coffey booted the ball out on the TW 45 and the Miners took over. In 10 plays Texas Western had dug a path to the goal with Charles Ward making the last two. Don Maynard converted.

When the quarter was nearly over, Texas Western went to work again. This time they took another punt that went out of bounds, on the 49.

It took eight plays before Bob Forest sneaked over from the one. Maynard converted again and Texas Western led 12-12.

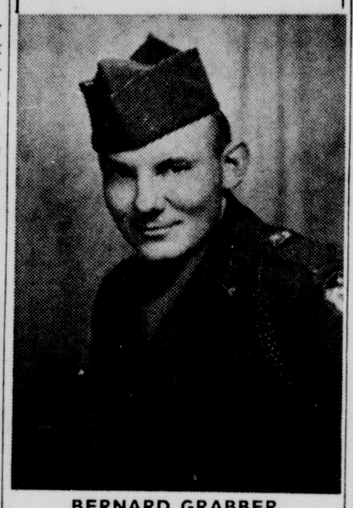
In the third quarter WT got as deep as the Miner 22, but it did no good. In the fourth quarter, the Miners punched to the Buff three, but WT held. Then when only 1:35 was left in the game, West Texas tried to pick up eight yards on fourth down and got only three to give the ball to Texas Western on the WT 10.

On third down, Forrest picked up his second touchdown of the night by running from the six. Maynard missed the kick this time.

Statistics of the game were:

	WT	TW
First Downs	14	10
Yards Rushing	223	218
Yards Passing	0	25
Passes Tried	9	6
Completed	0	2
Fumbles Lost	1	0
Punts	4/35	5/37
Penalties	1/15	1/5

Returning



BERNARD GRABBER

Sp. 3. C. Bernard Grabber with the 867th AAA Battalion, who has been stationed in Alaska for the past year, is expected to return home about Oct. 10. He is the son of Mr. and Mrs. Frank J. Grabber, who live west of Canyon.

Canyon Bees Beat Plainview Frosh

The Canyon High School B-Team rolled to its third victory last Thursday against the Plainview High School Freshman team by a score of 26-13.

Touchdowns were made by Mike Pool on a 50-yard pass from Jerry Richardson, Charles Nester on a one-yard run and Richardson on two runs, one from two yards out and one from 10 yards out.

The two extra points were made by Bob Winn, who ran for the point after Pool's touchdown, and Nester, who ran for the extra point after his own touchdown.

Two more Canyon touchdowns were called back for penalties. One was a 12-yard run by Jerry Reynolds and the other was a 55-yard run by Richardson.

The B-Team is coached by Lynn Hulsey.

Kids, Inc., Boys Win Opening Game 20-6

In the openin game of the Kids, Inc., season Sunday afternoon, Canyon took a 20-6 victory over Northside Amarillo.

John Brandon led scoring with two touchdowns--one for 45 yards and the second for 62. Dudley Moore scored the first touchdown on a three-yard quarterback sneak. John Stritzell picked up the two extra points.

Coach of the team is Mike Rankin. Anyone interested in helping him with the team is asked to contact him at 2108 First Avenue or OL 5-4403.

Hugh Greiner and son, Steven, spent the weekend in Cleveland, Okla., with Mr. Greiner's mother, Mrs. George Greiner. Mrs. Greiner returned home with them for a visit.

Mr. and Mrs. George Blackwell, Hugh and George Greiner flew to El Paso last weekend to attend the West Texas State-Texas Western game Saturday.

Dumas 20 Canyon 19

Canyon's Eagles contracted a case of extra-pointitis and were put under 20-19 by the Dumas Demons of District 1-AAA Friday night in Buffalo Stadium.

A fairly even game in the statistical columns, one extra point made by the Demons was the difference between the two teams. The Eagles were hampered by the loss of fullback Eddie Boydstun, who suffered a pulled ligament in his right foot during the early part of the second quarter and did not return to the game until the fourth quarter.

Dumas took off like a house afire at the first of the game, scoring in 2:41, and making the extra point. Canyon evened it up 3:49 later and went ahead 1:11 in the second quarter. Dumas caught up and tied the score again with only three seconds left in the second quarter.

After the half, the Eagles went ahead again with 5:31 left in the third quarter, but Dumas added the clincher when there was 5:52 left in the fourth quarter. The extra point made by Dumas after their third touchdown was the heartbreaker.

After the second Eagle touchdown, in the second quarter, Dumas took charge of the yards gained rushing department and came out way ahead when the game was over.

Dumas kicked off to Canyon to start the game and Eagle Halfback Leonard Miller fumbled the ball on the first play from scrimmage and Dumas recovered on the Canyon 32.

The Demons marched down to the 17 in five plays, including a nine yard pass from Quarterback Jim Tindle to halfback James Boyd. Fullback Dwayne Mowery took the ball on the 17, flashed and feinted and threaded his way to the end zone for the first score of the game. Halfback Johnnie Cleveland kicked the extra point.

Taking the ball from the Canyon 39, the Eagles began to work toward the Demon goal. Lacking 61 yards for a touchdown, Boydstun carried the ball five times for 24, halfback Leonard Miller twice for 12 yards, Quarterback A. L. Pruett three times for 20 and an extra five yards was given Canyon by Dumas on an offsides penalty.

Pruett slashed the last 10 yards on a keeper to make the score. The extra point was made by Miller on a run.

Dumas and Canyon exchanged punts to kill most of the rest of the quarter. Just before it was done, Dumas was in possession of the ball on their own 27 when Halfback Bud White took off on a play that went to the 39, but he dropped the ball and it was recovered by the Eagles.

Boydstun carried three times for 12 yards and a first down to kill the quarter and halfback Ronnie Huyck started the second quarter off in a rousing fashion by running 13 yards to the 14 for another first down.

Miller picked up four and the Eagles were penalized to the 15 for offsides. Miller made another six, then Dumas was penalized to the four for offsides. Miller scooted the remaining four yards for the touchdown, but Pruett failed to gain the extra point on a run. The Eagles had a 13-7 lead, however.

Dumas started off again on a scoring drive, marching from a 33-yard runback to the Canyon 41 on down to the glory land. First down followed first down until Dumas hit the Canyon 10 with first and goal.

Mowery lost one yard to the 11, then picked up three to the eight. He carried the third down to the three, then Tindle tried to sneak across but was stopped on the two and the Eagles took over on downs.

At the outset, the Eagles were penalized to the one for offsides and on the next try for a down, Miller quick-kicked to the Canyon 34 where the ball went out of bounds.

Dumas moved back to the Canyon 17, was penalized for offsides to the 22, then White fumbled and lost the ball and two more yards. Miller carried to the 30 for the Eagles, then Pruett fumbled and lost the ball to the Demons on the 31.

Dumas marched back down to paydirt, picking up a first down on the Canyon eight. Tindle was held for no gain, Boyd picked up three to the five, Mowery made four to the one and on fourth down, Mowery was thrown for a one-yard loss to the two. The Eagles had held a second time on the door of the end zone—and only 24 seconds were left in the second quarter.

On the first play, Pruett fumbled the ball and lost it on the scrimmage line and Dumas took over again with 13 seconds left to play.

Taking their time, the Demons lined up and Mowery slashed over from the two for the score that tied the game. Only three seconds were left when Cleveland's extra point kick was called no good.

The teams had time for a kickoff and runback before the halftime gun sounded.

As the second half started, Dumas moved to their own 47 and Tindle fumbled and lost the ball. The Eagles took off with an evil look in their eyes. Miller carried twice for a first down on the 34, and Huyck, Miller and Tommy Henderson had one try each to the 19 for another first down.

Miller carried three more consecutive times for another first down on the seven. An offsides penalty put Canyon on the 12, but Miller went back to the nine. A Dumas offsides put the ball back to the four. Huyck picked up three yards and Pruett was stopped for no gain.

Huyck hit 'em again and went over for the score. Miller's extra-point run was no good. The score: 19-13, Canyon.

The two teams exchanged punts and Dumas took over the second time on their own 48. In nine plays they were down on the Canyon 18, but a fumble on the 15 killed the drive. With 10:53 left in the game, the Eagles moved the ball to the 24 where Pruett kicked a stemwinder that bounced over the heads of the receivers and fell dead on the Dumas 23.

The Demons came back and began slicing off yardage in a hurry. In six plays they were back to their own 46. Then Tindle kept the ball and headed around his right end—and he wasn't stopped until he had clicked off 45 yards down to the Canyon nine.

An offsides penalty on the next play put the ball back on the 14, but the Demons weren't dismayed. Tindle slid back for a pass and heaved it to the west corner of the field to Cleveland. Just before it got to Cleveland, Huyck ran in and deflected it slightly. Cleveland got his hands on the ball, but it was deflected again—this time directly into the hands of end Bill Baker who was in the end zone. All fired up, Tindle ran for the extra point that changed the game from a tie to a win.

The Eagles took the kickoff from their own 35 and moved to the Dumas 23 before Pruett was spilled on the 33 on a pass attempt. On fourth down, the Eagles gambled and got to the 29 before Boydstun, back in the game, was spilled and the ball went to Dumas. Only 1:48 was left in the game.

Tindle picked up four for the Demons but on second down he lost the ball on a fumble along with one yard. With 1:17 left, the Eagles took the ball. Pruett went to the 29, then fumbled and lost the ball on the 28.

This time, with only 59 seconds left, Dumas kept the ball and ate up all the time with two plays.

Statistics of the game were:

	C	D
First Downs	17	18
Rushing Yards	198	284
Passing Yards	0	23
Passes Tried	4	5
Completed	0	2
Intercepted by	0	0

CHANGE TO SHAMROCK 10 W-30 MOTOR OIL NOW AND PROTECT THE LIFE OF YOUR CAR'S ENGINE AND BATTERY

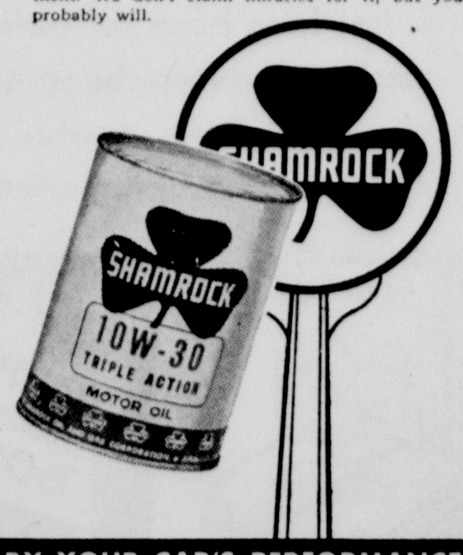
The development of Shamrock 10W-30 Motor Oil is based on the fact that the typical passenger car engine operates most of its useful life in the temperature zone between the cold start and normal operating temperatures.

All oils thicken as temperature decreases. The difference between Shamrock 10W-30 and conventional oil is that it thickens less at low temperature. The effect on your car's performance is important.

When you change to Shamrock 10W-30, the improvements you'll notice immediately are: (1) that even on the coldest mornings the engine will turn over quickly and easily, and (2) a marked increase in gasoline mileage.

These advantages are the most obvious, but not necessarily the most important. Frictional wear in the engine takes place at a very high rate during the first few strokes when starting an engine with little or no lubricant on the cylinder walls. 10W-30 reduces this wear, flowing quickly . . . replenishing the oil film. At high temperatures a thicker lubricant does a better job of keeping metal surfaces apart. Accordingly, 10W-30 being thick at high temperatures gives your engine full protection at this end of the temperature range, too.

With Shamrock 10W-30 in the crankcase you will: (1) extend the life of your car's engine, (2) extend the life of your battery, (3) increase gasoline mileage and (4) reduce the octane requirement. We don't claim miracles for it, but you probably will.



QUALITY YOU CAN MEASURE BY YOUR CAR'S PERFORMANCE
